SURVEY SHOW 2003—2012

This 10-year survey exhibition showcases some of Knight's most significant work to date. Knight achieved success early in his career, becoming an Archibald and Wynne finalist on numerous occasions and earning him a place as one of Australia's major contemporary artists.

Knight's approach is far from traditional yet he brings a unique understanding of formal painting techniques. His immediacy of line-making on unconventional painting surfaces, combined with a simplified colour palette has come to be recognised as his distinct creative vision.
